**BROOKLYN HAS AT LEAST ONE RECORD; NEVER FINISHED IN FIRST DIVISION IN LAST 12 SEASONS**

SPEAKING OF THE Superbas, do you know that the Brooklyn team has a record? It is the only major league club which has failed to finish in the first division in the last dozen years. The Braves and Cards climbed out their second division rut last season, the Braves very emphatically. The Senators got out of theirs in 1912, while even the Browns had first division teams in 1902 and 1908. But the Superbas, like the old brook Mr. Tennyson once got enthused about, seems to run in that division forever.

**ELKS No. 1 ARE BEATEN IN TOURNEY**

In the second round of the Interclub bowling series for the Leader trophy the Lakewood No. 1 quintet defeated the Elks No. 1 on the Lakewood Tennis Club alley, winning three straight games. Two other matches were rolled, the C. A. C. No. 2 beating the Elks No. 2 in two out of three games, and the C. A. C. No. 1 winning from the Lakewood No. 2 in two out of three games.

**INDIANS REPLACE THE NAPS**

New Name for Local American League Club Is Selected by Writers.

**SPIDERS WILL TAKE PLACE OF BEARCATS**

BY CHARLES W. AWAN.  
THE Indians are with us! That's what will greet the Cleveland American League club when it hits a rival city this year, as the Naps have been officially laid to rest. In place of the Naps, we'll have the Indians, on the warpath all the time, and eager for scapts to dangle at their belts. At a meeting of local sport writers yesterday afternoon, this was decid-

ed upon. The Association team will be known as the Spiders in the future. Now, if the Naps get going good, and many here think they will, well have the old Indians on the warpath, mowing down their opponents in whirlwind fashion, but, if they follow in the footsteps of the 1914 Naps, we'll have the Indians getting licked most every day. But the name should prove a good one and may be a mascot which will add the locals in more ways than one. Ball players as a rule are superstitious and the change in name may work wonders with them. The old "Naps"

seemed to imply lack of speed and fight and the new one shows just the opposite. The fans, who have heard of the new name, were loud in their approval of it, many stating that it would stimulate interest in the club among the fans, as a new name implies that something new will be shown. That's what Manager Birmingham wants to do, show the fans a fighting team, one which will give the city the present association team will not be labeled Bearcats or Bruins in the future, Spiders being the name agreed upon.

**ART SHAFER THROWS AWAY HIS UNIFORM**

"Impermanental Tillie," otherwise Art Shaffer, is out of baseball for good. This is not a piece of news, of course. Shaffer, himself, has repeatedly reiterated statements to that effect, following the famous slip he gave the New York Giants, for whom he third baser into a pennant one season not long ago. Shaffer's most recent announcement regarding his present connection with O. P. came the other day. It is an emphatic assertion and should stick deeply.
